1. What is your current college plan? Please tell us which school you plan to attend, your probable goal, your probable major, and any plans for band, music, or Color Guard participation.

2. Attach a **TYPED** (double spaced, 12 point font, black ink) 1 to 2 page essay answering the following question:

If you were having a conversation with someone who wasn't sure if band/guard was right for them, what would you say to encourage them to join? Relate this to your personal experience explaining the benefits, etc.

Essays are confidential, so please do not include your name when writing about yourself.
